Note:

- ♥ Passengers without articles to be declared may pass through the "Nothing to Declare" area (the Green Line Counter).
- ♥ Please consult Customs officers in advance if you are not sure about the regulations so as to avoid any penalty. If you are in doubt whether your luggage or goods are qualified for the green line clearance, please clear your luggage at the red line counter.
- ♥ Don't carry baggage for any other person. Passengers shall bear legal liabilities for any prohibited, restricted or dutiable articles inside the baggage.

- ♥ According to Article 23 of the "Customs Act", it shall be the passenger's responsibility to open the luggage for customs inspection, and to repack the baggage after the inspection.
- ♥ After claiming checked-in baggage, inbound passengers shall proceed to the following clearance procedures:

Tips on Red/Green Areas

Designed by customs as part of the customs clearance procedures, red/green areas are intended to simplify and expedite the inspection process of inbound passengers' baggage. After taking into account the features of the carried items (such as the categories, quantities, amounts, intended uses, etc.) in compliance with related regulations, passengers have the right to decide whether to pass through customs via red or green areas. Passengers who pass through the green area are presumed to be carrying nothing required to be declared. If any item(s) violating the regulations is found during a random inspection by Customs, such item(s) shall be confiscated and/or a fine shall be imposed.

- ※ This brochure is for reference only. Should there be any amendment to the regulations, the latest ones shall prevail.
- ※ Please refer to the "Travelers" section on our official website for the latest related regulations.

1. The agricultural products carried shall not weigh more than 6 kilograms in total.
2. Rice, peanuts (roasted or processed), garlic (cooked), dried lily flower, dried mushrooms or tea leaves shall not weigh more than 1 kg for each item.
3. **Products Made in China:** A maximum of 1.2 kg for each of the following items: Scallops, dried abalone, edible bird's nest, shark's fin. Canned food is subject to a maximum of 6 cans per item. Other food products are limited to 6 kilograms in weight.
4. The excess part is not allowed to be carried in without a permit issued by the BOFT. Failure to declare the excess portion of controlled items, such as rice, peanuts, garlic, dried lily flower, dried mushrooms and tea leaves made in China, shall lead to confiscation of the goods in question, and/or a fine no more than three times the value of the goods.

VII. Allowed Quantities of Medicines for Personal Use

1. **Western Medicines**
 - ① **Non-prescription Medicines:** A maximum of 36 bottles (or boxes, cans, bars, sticks) in total, with a maximum of 12 bottles (or boxes, cans, bars, sticks) for each kind of medicine. (The bottles, boxes, cans, bars, and sticks above refer only to original packaging.)
 - ② **Prescription medicines** are subject to a limit of two month use if no prescription (or a supporting document) is presented. Quantities of prescription medicines accompanied by prescriptions (or supporting documents)

shall not exceed the reasonable doses as stated in the prescriptions, and subject to a limit of six month use.

- ③ Medicines for injection shall be accompanied by prescriptions (or supporting documents).
- ④ Controlled medicines shall be accompanied by prescriptions (or supporting documents) and limited for the passenger's own use. The quantities shall not exceed the reasonable doses as stated in the prescriptions, and subject to a limit of six month use.
- ⑤ Passengers carrying medicines in excess of the prescribed limits shall apply for a permission to Taiwan Food and Drug Administration (FDA), or submit a "Statement for Patients Carrying Controlled Drugs into or Out of the Republic of China". For any inquiries, please call +886-2-27878200.

2. Chinese Medicines & Related Ingredients

- ① A maximum of 1 kilogram for each kind of Chinese medicine, with a maximum of 12 kinds.
- ② A maximum of 36 bottles (or boxes) in total, with a maximum of 12 bottles (or boxes) for each kind of medicine. (The bottles and boxes above refer only to original packaging.)
- ③ Any Chinese medicines in excess of the prescribed limits shall be accompanied by medical documents (such as diagnosis reports issued by doctors), and subject to a limit of three month use.
- ④ Any Chinese medicines in excess of the prescribed limits are not allowed to be carried into the country. Additionally, when Chinese medicines containing ingredients made from protected wildlife species, such as rhinoceros horn, tiger bone, leopard bone, hawkbill, bear gall bladder, animal musk, otter liver, pangolin, etc., are imported, a certificate issued by the Council of Agriculture shall be presented for customs clearance.
- ⑤ Inbound or outbound passengers carrying endangered species of wildlife or their products (such as *Gastrodia elata* and *Cistanche deserticola*) shall present CITES certificates for customs clearance.

3. Food Products in Tablet or Capsule Forms

A maximum of 36 bottles (or boxes) in total, with a maximum of 12 bottles (or boxes) for each kind of product. Passengers carrying tablets or capsules in excess of the prescribed limits shall apply for approval to Taiwan FDA.

4. Specific Purpose Cosmetics

- ① According to Paragraph 3, Article 5 of the Cosmetic Hygiene and Safety Act, as well as to the regulations governing "Limited Numbers on Registration of Exemptions from Inspection of Imported Specific Purpose Cosmetics for Personal Use" promulgated by the Ministry of Health and Welfare, for passengers who carry specific purpose cosmetics for personal use (such as sunscreen, hair dye, perm, antiperspirants and deodorants, teeth whiteners, etc., all of which originally referred to as medicated cosmetics) designated by the central regulating authority, a maximum of 36 bottles (or boxes, cans, bags, packs) in total shall apply, with a maximum of 12 bottles (or boxes, cans, bags, packs) for each kind of cosmetics. (The bottles, boxes, cans, bags, and packs above refer only to original packaging.)
- ② According to an announcement issued by the Health

Administration, Executive Yuan, "ampoules shall not be used to contain cosmetics." Therefore, cosmetics with ampoules as the containers shall not be imported. The said ampoule containers refer to those sealed glass containers which are "integrated" and "snapped off". However, taking into consideration some passengers who might need the said cosmetics for personal use, they may apply for special approval to Taiwan FDA by filling out the "Application for Medicated Cosmetic Import Certificate" forms, with related documents attached, before carrying such cosmetics into the country or sending such cosmetics (in postal parcels or by special deliveries) from abroad. In all cases, such cosmetics shall be ONLY for personal use and NOT for sale.

5. Contact Lenses

A passenger may carry up to 60 pieces of contact lens with the same optical strength, subject to a limit of a single brand of contact lenses with a maximum of two different optical strengths.

Note:

- ♥ A permit shall be obtained from the competent authorities before importation of any medical devices or equipment. However, carrying self-use contact lenses within the prescribed limit is not subject to this regulation. If passengers carry medical devices or equipment without a permit, or carry contact lenses in excess of the prescribed limit, such cases shall be handled in accordance with the Pharmaceutical Affairs Act and the Customs Anti-smuggling Act.

VIII. Allowed Quantities of Environmental Pesticides

1. For information on allowed quantities of environmental pesticides, please refer to the attachment to Article 4 of the Regulations Governing the Declaration, Inspection, Duty and Release of Personal Luggage or Goods of Inward Passengers online. Travelers carrying items not listed in the table shall obtain a permit issued by the Environmental Protection Department before importation.
2. The environmental pesticides listed in the table refer only to those for personal use, subject to a maximum of 1 kilogram in weight (applicable to those in liquid or solid forms). Frequent travelers shall not carry such items into the country more than once per month. Transit passengers are not allowed to carry such items into the country.
3. Environmental pesticides in excess of the prescribed limits shall be returned or transferred to domestic authorities for further actions.

IX. Controlled Items Referred to in the Customs Anti-smuggling Act:

1. Items in excess of the prescribed limits announced by competent authorities:
 - ① Items from China that are prohibited from importation, and in excess of the prescribed limit for personal use
 - ② Medicines in excess of the prescribed limit for personal use (considered as banned drugs)
 - ③ Veterinary drugs in excess of the prescribed limit for one's own pets
 - ④ Cosmetics with specific uses (such as perm, hair dye, skin whiteners, antiperspirants, sunscreen, etc.) in excess of the prescribed limits for personal use

2. Prohibited items and restricted items which are not allowed to be imported without approval as stipulated in other laws or regulations, such as tobacco and alcohol products, counterfeit or banned drugs, medical devices and equipment, counterfeit or banned veterinary drugs, prohibited agro-pesticides, counterfeit agro-pesticides, weapons used by the police while performing duties, plants and their products prohibited from importation, animals and their products prohibited from importation, controlled items referred to in the Smuggling Penalty Act, items from China that are prohibited from importation according to the announcement of the Ministry of Economic Affairs, articles with importation or exportation restrictions as stipulated by the Ministry of Economic Affairs in accordance with related trade regulations, etc.

Note:

- ♥ Failure to declare controlled articles shall lead to confiscation of the goods in question and/or a fine no more than three times the value of the goods. Those incurring criminal responsibilities shall be transferred to investigating authorities for further legal actions.

X. Additional Regulations Governing Importation

Travelers carrying items involved in other laws or regulations shall obtain permits issued by competent authorities before crossing the border. Small quantities of such items for personal use may be brought into the country without permits and inspections. Some common examples are listed below:

1. Commodity Inspection (Bureau of Standards, Metrology and Inspection, Ministry of Economic Affairs)
 - ① For each kind of household appliance (such as electric fans, hair dryers, vacuum cleaners, air purifiers, cookers, etc.) exceeding USD1,000 in total but not more than two pieces, no application for commodity inspection is required.
 - ② For each kind of toy with a total value below USD1,000 and not more than five pieces, or with a total value exceeding USD1,000 but only one piece, no application for commodity inspection is required.
2. Passengers carrying less than five sets of wireless telecommunication terminal equipment or low-power radio frequency motors per person (such as mobile phones, tablet computers, wireless walkie-talkies, game consoles, etc. with Wi-Fi and Bluetooth functions) are not required to apply for importation permits, with the exception of mobile satellite earth stations and small satellite earth stations (such as China Beidou Box and Beidouhai Chat).

XI. Unaccompanied Baggage

1. Passengers with unaccompanied baggage shall declare the quantities and principal contents of such baggage in the ROC customs declaration form and proceed to the "Goods to Declare" area (red line counter) for customs inspection upon arrival.
2. The unaccompanied luggage or cargo of inbound passengers should be imported into the country before entry or within six months from the day of entry. Moreover, passengers shall process customs declaration of such

luggage or goods after entry, either personally or by authorizing an attorney or customs broker, within 15 days from the day following the arrival date of the vessel carrying the unaccompanied luggage. A late fee shall be levied beginning from the date following that on which the time period expires.

3. Should any one of the following occur, the unaccompanied luggage is not entitled to the duty-free privilege of NTD20,000, calculated jointly with the accompanied luggage:
 - a. Passengers fail to declare such unaccompanied luggage to Customs upon arrival.
 - b. The unaccompanied luggage is not imported within the prescribed deadline.
 - c. A customs declaration has been made before the passenger arrives.
